CERTIFICATION LEGENDS

- Abrasion Resistance
- Blade Cut Resistance
- Puncture Resistance
- Tear Resistance

RECOMMENDATIONS FOR USE

- May cause latex allergies
- Do not use in cases of chemical, electrical or thermal risk
- Highly traction resistant gloves, do not use if there is a risk of being caught up in moving machines
- Store away from light and humidity
- Wash at 40°C max, using a neutral detergent
- Performance levels as per standard EN388 retained after 3 washes, subject to variations linked to actual usage conditions.

ABOUT GLOBUS

World leader in protecting hands, Globus serves organisations with bespoke hand protection solutions built from a professional range of high performance protective gloves. Globus is proud to offer bespoke solutions that deliver robust commercial benefits not just safety improvements. We have an enviable track record in helping to reduce hand accident rates whilst delivering improved comfort and productivity as well as waste and cost reductions.

Globus applies its expertise across a spectrum of industries, meeting and exceeding a diverse range of hand protection requirements; from the rigorous demands of the petrochemical and construction industries to the complexities of clean room and aerospace manufacturing.

Find out why leading companies rely on a solution from Globus to help implement a comprehensive hand protection policy. Contact us today.
