## RECOMMENDATIONS FOR USE

- It is the responsibility of the end user and not the manufacturer to determine glove suitability for the intended use.
- Do not use with chemicals other than those tested without prior trials
- The stated impermeability performance level (EN374-3) does not reflect the actual protection level at the place of work – other factors may influence the performance.
- Store away from light and humidity
- Rinse the gloves in running water before removing, using a neutral detergent if necessary
